PROPOSED INITIATIVE

ABOUT THE ISS

Let's do something about vacant buildings

in the City of St. Louis

a community-initiated solution

-because a stable St. Louis
requires strong neighborhoods-

JOIN THE CAMPAIGN TODAY!

Vacant buildings in the City of St. Louis are not only an eyesore but are potentially creating real problems for residence. Vacant buildings invite crime, compromise safety, create health concerns and lower property value. Neighbors for a Stable St. Louis ^[2] is an organization

committed to helping improve this widespread problem in our city. There is a Proposed Bond Initiative to be considered by voters in April of 2017 ^[3]. However, before we can vote, we must get the initiative on the ballot. The organization is collecting signatures in the form of a petition to make this happen. KSA is currently holding one of the petitions as they must be signed in person. Please feel free to stop by our office anytime Monday through Friday between 9a-6p to learn more and sign. Thanks in advance!
